

SCHOOL CIRCULAR REGARDING SUMMER VACATIONS

Dear Parents,

Congratulations of the day!!!

Hope you all are fine.

It is my privilege to extend the heartfelt thank you in following and cooperating with the teaching system. We as an educator feel fully supported and led all the time by you. Mainly, I want to discuss that we have completed 30-40% syllabus in all subjects which I think students have also noted down in the notebooks and keep learning it. I want to appreciate the number of parents here because they are really taking pains for the studies of their wards. As the request for the vacations from the students/parents was coming from last 8-10 days so accepting your kind of request School authority has declared 35 days Summer Break for the students starting from 03/07/2022 to 06/08/2022. Teachers have been directed to issue the necessary Holidays Homework including activities, SLC, Project work, Portfolios making etc. work to the students.

***** The main aim of offering Summer Vacations:-**

1. To facilitate the new students and for covering up the pending syllabus by the new students.
2. This is mainly to provide sufficient time for the students to revise syllabus, completions of worksheets on workbooks and to get ready for the upcoming exams.

For any queries you can reach out to me or teachers concerned.

Wish you Happy Learning with Silicon Model School.

Thank You

Principal
